

A Sound Poem

Onomatopoeia is the use of words which sound like what they describe. These are words like: Buzzzz, clink, CRASH, tinkle, zzzip, hisss and so on.

Try to stand still and listen to all the sounds you can hear around you at the wind turbines. Write down words which describe these sounds to make an onomatopoeic poem. Write them all round the picture.

Whrrrr
Whoosshh
Ooooooh
